Prof. (Dr.) Sunil Sawant, Vice Principal, Arts Faculty, introduced the Chief Guests and the Chairperson of the Inaugural Ceremony.

In his Inaugural Address, Hon. Madan (dada) Bhosale made it clear that the National Education Policy 2020 is to be implemented upto 2040 and all stakeholders of higher education must welcome this policy as this policy is going to produce matured, perfect and knowledgeable students. Hon. Prof. (Dr.) P. S. Patil, in his Inaugural Address, highlighted the need for HEIs to implement NEP 2020 for making available multi-disciplinary education to the students. The policy enables the students to exercise their choice while selecting their subjects and papers and further provides the students the opportunity of studying the subjects from other disciplines. If more than 80% students, who belong to the rural Maharashtra, get the opportunity to learn different subjects across various disciplines, they will succeed in acquiring competencies for building their future. If the HEIs acquire autonomy, they will have freedom to prepare and implement their own curricula. There is an urgent need to develop skill-based courses taking into consideration the requirements of industries. Hon. Patil congratulated the college for its initiative of organizing National Seminar on the theme which has contemporary relevance. He informed the audience that Shivaji University, Kolhapur has taken the decision of implementing NEP 2020 from the academic year 2022-23.

Prof. (Dr.) Nitin Karmalkar, who chaired Inaugural Ceremony, spoke about the challenges and opportunities in implementing the NEP 2020, the shortage of qualified and skilled manpower, the need for empowerment of HEIs, the need for interaction with industry, the need for interaction among faculties across diverse disciplines, the need to break the shackles, the need to introduce holistic education, the focus on give and take between local institutions, and the need to change the University Act, etc. He asserted that the NEP 2020 should lead to the development of such students who do not require employment, but who produce employment.

Dr. Shivaji Kamble, Librarian and IQAC Coordinator and the Coordinator of the National Seminar, proposed the Vote of Thanks.

In his Keynote Address, Dr. Devender Kawde, Advisor, NAAC Bangalore, appreciated the vision & skill-oriented approach of Hon. Madandada Bhosale, President of the Sanstha. NEP 2020, in its attempt to impart holistic education, has revived our ancient tradition of developing several arts and skills among the students simultaneously. India, with its 3.5 trillion economy, aims at becoming the developed nation by 2047 and this vision is possible because of its second largest educational institutional network. As the value of human population is determined by its contribution, there is urgent need of increasing our value through educational experiments. It is necessary to concentrate on outcomes of students, teachers and institutions. HEIs should focus on quality research, clean environment, innovations in teaching and pedagogy, peer review, student review, service to the institution and community, vibrant ambience, Multidisciplinary education, Courses in Indian languages, Programmes in Indian Knowledge System, MoUs with industries, ease of governance, etc. Dr. Kawade ended his address making an appeal to make our Bharat strong by putting Nation first in all of our endeavours citing the example of Major Dhyanchand who declined the offer of joining German army made by Hitler after watching his outstanding performance in Hockey at the Berlin Olympiad. Dr. Jaywant Chaudhari, who

chaired Keynote Address, expressed the need for branching out across disciplines citing the example of his own son, Professor Abhijit Chaudhari from USA, who branched out from Electronics Engineering into Medicine for his doctoral and postdoctoral research. Dr. Vinod Veer, Vice Principal, Commerce Faculty, introduced the Keynote Speaker and the Chairperson. Dr. Ambadas Sakat, Associate Professor (English), proposed the Vote of Thanks.

In the Panel Discussion session, Dr. Lesan Azadi insisted that along with cognitive development, character building is of utmost importance and to produce well-rounded individuals, holistic education, as envisioned in NEP 2020, is the need of the hour. Principal Dr. Sanjay Kamble warned against the danger of losing educational sector to capitalists like agriculture and health and pleaded for continuing the legacy of Rabindranath Tagore, Maharaja Sayajirao Gaikwad, Karmaveer Bhaurao Patil and Shikshanmaharshi Bapuji Salunkhe in order to build better India. Principal Dr. Pravin Chougale, who chaired the Panel Discussion session, discussed the challenges in blending vocational education with the conventional education and emphasized the need of developing a pool of courses and accepting credits for skills acquired from different institutions. Prof. (Dr.) Sunil Sawant conducted this session as Moderator. Dr.Anand Ghorpade, proposed the Vote of Thanks.

Paper Presentation session was carried out at 4 venues by organizing 4 parallel sessions. In Auditorium (Room No. A2A), five participants presented their papers; Dr. H. V. #### Dear Sir/Madam,

It gives us immense pleasure to invite you to participate in the NAAC-Sponsored One-Day National Seminar on **"Transforming HEIs through NEP 2020"** jointly organized by IQAC and the Department of Library on 5<sup>th</sup> November 2022.

#### **About Management**

Janata Shikshan Sanstha. Wai. established in 1967, is one of the renowned educational institutions in Wai, a town, known for Marathi Encyclopedia and Dharmakosha, located on the bank of the river Krishna. At the time of the independence of India, only primary and secondary levels of education were available in Wai. There was not any institution to provide higher education in the area until 1961. Deshbhakt Kisan alias Abasaheb Veer took the initiative to form 'Janata Mahavidvalava Sameeti' on 16th July 1961 to establish a college in Wai, but it was not registered. Therefore, Abasaheb Veer, along with Hon'ble Prataprao Bhosale and others handed over the responsibility of starting "Arts & Commerce College, Wai" in 1962 under the aegis of Prainapathshalamandal, a registered institution helmed by Tarkteerth Laxmanshastri Joshi, a renowned Sanskrit Pundit. Janata Shiskhan Sanstha, Wai was duly registered on 12th July 1967. As the symbol of its ideals and aspirations, the Sanstha has chosen the resplendent Sun that dispels the darkness of ignorance and fills the entire humanity with the light of knowledge. Inspired by its motto, "To Light up the Paths, Indeed Have We Come" (उजळावया आलो वाटा), the Sanstha has been rendering excellent service in education by establishing one college and seven high schools for the boys and girls in and around Wai. In 1980, the college was renamed as 'Kisan Veer Mahavidyalaya, Wai' to commemorate the pioneering educational work of our Founder President to the generations to come. Now Hon, Shri. Madan Prataprao Bhosale, Ex-MLA and Hon. Shri. Shankarrao Dajiba Gadhave have been shouldering the responsibilities as President and Vice-President of Janata Shikshan Sanstha, Wai very firmly, Dr. Javavantrao Chaudhari and Prof. Narayan Chaudhari have been appointed as Secretary and Treasurer of the Sanstha respectively.

#### About the Seminar

The National Education Policy 2020 (NEP-2020), launched on 29<sup>th</sup> July 2020, outlines the vision of India's new education system. NEP 2020 focuses on five pillars: Affordability, Accessibility, Quality, Equity and Accountability to ensure continual learning. NEP 2020 envisions a complete overhauling and re-energizing of higher education to overcome the challenges in the current system and thereby deliver high quality higher education, with equity and inclusion. The fundamental principles of NEP are: "Recognizing, identifying, and fostering the unique capabilities of each student by sensitizing teachers as well as parents to promote each student's holistic development in both academic and non-academic spheres". This calls for key reforms in higher education that prepare the next generation to thrive and compete in the new digital age. Thus, there is much emphasis upon multidisciplinary learning, digital literacy, written communication, problem solving, logical reasoning, and vocational exposure. This One-Day National Seminar on **"Transforming HEIs through NEP 2020"** is organized to identify the challenges and opportunities before higher education institutions. The aim of the Seminar is to invite contributions from all stakeholders- students, teachers, researchers and experts so as to provide them a platform for deliberations.
