Welcome Function of M.Sc. Part I
2024-25

REPORT

Date: 30/08/2024

A Welcome Function of M.Sc. Part I was organized by the students of M.Sc. Part II (Department of Chemistry) on 21/08/2024. The Principal Dr. Gurunath Fagare was the Chief Guest and Prof. (Dr.) D. N. Zambare was the President of the program. Vice-Principals Prof. (Dr.) C.S. Kamble, Dr. H.D. Kanase and Mr. B.B. Patkure were present for the same. Prof. (Dr.) D. N. Zambare welcomed Principal Dr. Gurunath Fagare by offering a bouquet. Siddhi Chikane, a student of M.Sc. II introduced the Chief Guest Principal Dr. Gurunath Fagare and President Prof. (Dr.) D. N. Zambare.

Miss. Priyanka Thorave explained the purpose of the program. After the introduction, M.Sc. II students gave flowers and a periodic table as a sign of welcome to the M.Sc. I students. Next, M.Sc. I students shared their opinions, such as how they were admitted into this college. How did the department's faculty members supported them throughout the entire admission process? Priyanka Bhosale, Pravin Tarate, and Sumit Dhumal shared their opinions. After student's speech, Mrs. Dipali Patil expressed her thoughts. She recommended that students should read the basic textbooks and understand every concept clearly.

Prof. (Dr.) C.S. Kamble, in his speech mentioned that majority of the students have graduated with B.Sc. in the same college. So, they were fortunate that they got the chance to study the course like post graduation in the same college. The aim of the Welcome Function, according to Mr. H.D. Kanase, is to introduce new students with

the institution, department, and faculty members. Principal Dr. Gurunath Fagare then shared his opinions. According to him, the goal of welcoming function is to help new students to get information of the faculty, staff, and surroundings and to help them to identify their life goals. He further added that students should acquire knowledge or skills first then they will be able to apply this knowledge in daily life.

Prof. (Dr.) D.N. Zambare in his presidential address said that around 80 students are doing M.Sc. in this college. The Department of Chemistry runs a lot of programs that are oriented at students. Participating in these activities will help students to develop their personality and confidence in addition to the curriculum. Shahista Bagwan anchored the program. At last, Sourabh Shinde offered the vote of thanks. Twenty- seven students along with the 11 faculty members attended the programme.
