

**REPORT OF THE VISIT OF B.Sc. Part III (ZOOLOGY) STUDENTS AND TEACHERS TO
APICULTURE CENTRE, MAHABALESHWAR UNDER LEAD COLLEGE SCHEME**

Day and Date: Sunday 22nd May, 2022 Time: 10.00am to 3.00pm

No. of Students: 08, No. of Teachers: 04

20th May is celebrated as “**World Bee Day**” to raise awareness about the threats faced by bees as a result of human activity and to acknowledge the significance of bees in our biodiversity. Department of Zoology of our college decided to visit and to understand practices in Bee-keeping. We have left from Wai in the morning of Sunday 22nd May, 2022. Upon reaching in the modestly maintained campus of Madh Sanchanalaya, Maharashtra State Khadi and Gramodyog Mandal, Mahabaleshwar, Dist. Satara. It is a training centre for Bee-Keepers. We got quite impressed by the changes made recently in the campus. The trainers attending the camp are provided with ten days free residence and hands on training by the experts in this field. A new training, residence and honey processing building have been constructed and the infrastructure is quite sufficient for bee keeping activities. In front of the main office several bee boxes have been maintained for demonstration to the visitors learners and tourists.

The attendant available there Mr. Kamble took us to the Bee box of *Apis mellifera* and gave us demonstration of the practice in maintenance of bees in farm, types of bees and their role in the bee hive, how to handle them without disturbing their normal behaviour. Then he took us to honey processing centre where the honey is extracted from hives and further processed and tested for the type and purity. He explained about the importance of honey and byproducts. Students and teachers enjoyed a colorful informative campus, photography and the sightseeing around the apiculture centre.

We are thankful to the Principal Dr. G. J. Fagare for his kind permission to visit the apiculture centre and for granting funds of Lead College Scheme.

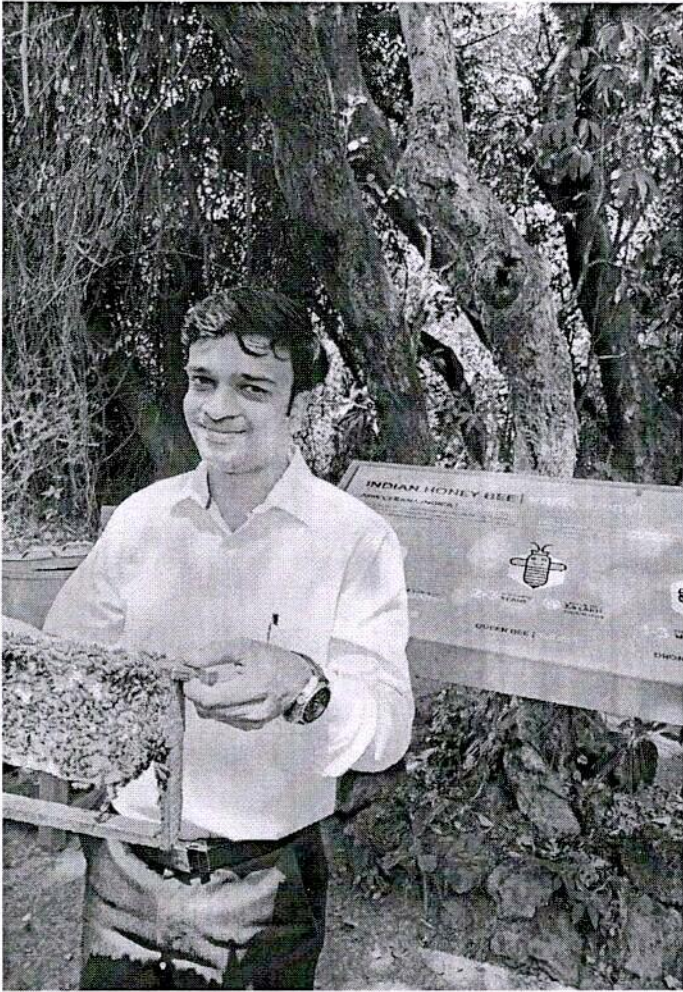

Ravindra Bakare
Head Department of Zoology
