Departments of Economics

Report of Guest Lecture – 16th October 2023

A Guest Lecture on “Opportunities and Challenges to New Entrepreneurs in Current Economic Environment” was organized by Department of Economics under Lead College Scheme on 16th Oct. 2023. Since 2014 we have been hearing and discussing about start-ups. An economy needs inclusive and pervasive development for promoting employment and production level. Heavy and big industries have concentrated on limited sectors and they are saturated now. Hence, the issues are raised of unemployment and diffusion of economic power. Cottage, small and medium scale industries have good command over developed economies. We have been trying to promoting these sectors to overcome some economic issues. Pandemic shook the world and we were witnessed the lockdown term for more than 6 months. Migration, lay-off, change in taste and preference, new substitutes of raw materials etc. have changed the producers and consumers behavior. This was the period which invented newly emerged some new start-ups. The pre-Covid19 prevailed economic, political, social and international environment is collapsed and new environment is carving now. This new environment is creating opportunities as well as challenges to new entrepreneurs. To make aware students with the changing nature of economy and how it is creating opportunities and challenges for them is the objective behind organization of this guest lecture.

Dr. A. K. Patil, (HOD- Economics, SGM College, Karad) was the resource person for this guest lecture. In his speech on this topic, he expressed, opined and discussed following opinions and instances. India, China and Europe population is about half to world population so the all developed economies players have close watch on these three economies. Today, these three economies are emerging maximum numbers of start-ups which are competing with world start-ups. The business environment is ruling by social, economic, cultural, religious, political and international relations. The start-up entrepreneurs should be accommodating in this entire business environment as well as he has to reshape and redesign according to change in business environment. Besides this, he gave some examples of tiny level business models i.e. Vadapav stalls, Tea stalls, Homemade Cake shops, homemade tiffin etc. provided with the successful stories of some entrepreneur's viz. MBA Chainwala, Pocket Cafe, KFC Food Chain etc. He briefly discussed on the present opportunities to the new entrepreneurs and challenges. The need is mother of invention. Businessman can find out the person need and design the way to fulfill it at affordable price and convenient way. So the every need of human for consumption and production is an opportunity. Find out the way proceed. The present challenges are different than earlier challenges, somewhat and at some extent changes are same. New economic dimension have new challenges right now. New is a hard

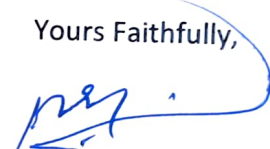

to predict and evaluate present challenges of changes economic affairs on business operations.

Prin. Dr. G. J. Fagare thanked to Dr. A. K. Patil to deliver valuable and informative lecture to college students. They guided students on business ethics and qualities for successfully operations. The management, skill development, hard work, consistency and discipline are the main drivers of successful enterprises. Student should adhere to these business ethics so they can achieve grand success in commercial life suite. They gave some lively examples of some known businessmen who have followed and adhere to above mentioned business qualities. They wished students for their better luck in future.

About 100+ students were remained present in this organized lecture. Dr. R. S. Gavit gave introduction speech of this program, Dr. M. S. Waikar introduced chief guest of program, Dr. M. T. Jadhav proposed vote of thanks and Dr. P. A. Yadav anchored the program.

Thanking You,

Yours Faithfully,

(Dr. R. S. Gavit)*
