Report

"Bird feeding and cleanliness program"

Department of BCA organized "Bird feeding and cleanliness program" at Mango Orchard of our Kisan Veer Mahavidyalaya, on 28-02-2020. Five faculty members, 25 female and 20 male students participated in the program.

Since it is summer season, birds are having difficulties to get food and water. So all faculty members decided to make available water and food to birds. So with the help of students they were going to prepare artificial food bags for birds.

All the faculty members along with the students went to the mango orchard of our college. We placed artificial food bags and cutting water bottles in the garden. So birds got food and water easily.

B.C.A. Dept. also arranged tree plantation and cleanliness programme at Mango Orchard of the college. All students actively participated in the program. Students most enjoyed that movements and decided to do tree plantation every year.

NOTICE

BIRD FEEDING PROGRAM

As we all know in the summer season there is lack of water and food for the birds. Due to the global warming amount of birds is minimizing rapidly. To save the birds, we organize the "BIRD FEEDING PROGRAM" so that our small contribution towards the birds is helpful for birds.

All the students should remain present on with the necessary material for the bird feed program.
