Department of Chemistry  
Educational Visit

Date: 22.01.2026

**REPORT**

Educational Visit at Swaminarayan Temple- C-MET- Savitribai Phule University, Pune- Rajiv Gandhi National Park- Prati Balaji was organized by Department of Chemistry on Thursday, 22/01/2026 for the students of B.Sc. I.

Our journey began with a visit to the Swaminarayan Temple in Pune. The temple is known for its magnificent architecture, intricate carvings, and peaceful atmosphere. As we entered the temple premises, we were impressed by its cleanliness and well-maintained surroundings.

Next, we visited the Centre for Materials for Electronics Technology (C-MET), an autonomous scientific society under the Ministry of Electronics and Information Technology, Government of India. This visit was highly informative as we learned about advanced research in electronics materials, nanotechnology, energy materials, and e-waste management. The scientists explained how innovative materials are developed and tested for use in modern electronic devices. We observed laboratories equipped with sophisticated instruments and gained knowledge about ongoing research projects. The visit inspired many of us to consider careers in science and technology.

Our third destination was Savitribai Phule Pune University, one of the premier universities in India. The sprawling green campus, historic buildings, and academic environment left a strong impression on us. We learned about the university's history, various departments, and research facilities. The visit gave us an overview of higher education opportunities and motivated us to aim for academic excellence.

The educational tour continued with a visit to Rajiv Gandhi National Park, Katraj (Pune). The park is rich in biodiversity and serves as a vital green lung for the city. During the visit, we observed various species of plants and animals and learned about wildlife conservation.

Finally, we visited the Prati Balaji Temple, a replica of the famous Tirupati Balaji Temple. The peaceful surroundings and devotional ambiance created a spiritually uplifting experience.

In conclusion, the educational visit was a well-organized and meaningful experience. It broadened our knowledge in various fields including spirituality, science, higher education, environmental awareness, and cultural heritage. Each location offered valuable lessons and left lasting memories. The trip not only enhanced our academic understanding but also encouraged personal growth, teamwork, and curiosity to explore the world around us.

Overall the visit was successful and will be beneficial to our students of B.Sc. I Total 44 students in which 07 males and 33 females along with 4 faculty members were participated in Educational Visit.

Sub: - Regarding Permission for Educational Visit.....

Respected Sir,

As per the Syllabus of Shivaji University, Kolhapur, the Department of Chemistry of our college is organizing One day Educational Visit of students studying at B.Sc. I on Thursday, 22/01/2026.

We request you to kindly grant us permission for the visit and provide the students with valuable information regarding the industry's operations.

Thanking you,

Yours faithfully,

Principal

Sub- Vote of Thanks.....

Respected Sir,

We would like to extend sincere gratitude to you and your entire team for hosting our B.Sc. I students for an Educational Visit on 22/01/2026, providing students with the opportunity to step out of the classroom and into a professional environment.

During the visit concern employees of your C-MET provided all the information about the QC, QA, XRD, FDM, FT-IR, HPLC, SEM, GC, UV-VIS, Process of manufacturing the Products to the students.

We are very much thankful to you for co-operation extended during the visit. Expecting the same co-operation in future.

Thanking you,

Yours faithfully,

Principal
