On 18<sup>th</sup> March 2020, Group discussion in the academic year 2019-2020 was conducted on the topic 'Retro synthesis' at 10am.

At the beginning of the session everybody seemed hesitant in expressing their opinion but soon the discussion picked up the pace and the purpose of the discussion, which was to encourage students to speak up and boost their confidence, was fulfilled.

Points discussed in the favour of the topic were like:- Protecting Groups ,Retrosynthetic terms, Umpolung reaction.1,3-dicarbonyl and 1,5 – dicarbonyl reactions.

This Session was conducted by Mrs. D.S.Patil . Lastly, we tried to draw attention of the students to summarise and conclude the Group Discussion Highlighting all the important points discussed by all the program.

Overall the discussion was positive because each one of us contributed good information and everyone listened with the utmost interest when other members were sharing their ideas . Speaking in the group discussion is gradually bringing everyone by boosting their self confidence.

The Group Discussion ended with vote of thanks by Mr. A. A. Dhanawade.
