"Geographical Equipment Presentation Competition"  
27 January 2025  
Report

A Geographical Equipment Presentation Competition was organized on the occasion of Geography Day on 27 January 2025 at Department of Geography (C-8). The event aimed to enhance students' knowledge of various geographical instruments and their applications in research, fieldwork, and data collection. Participants presented different geographical tools, explaining their functions and significance in the study of geography.

**Aims and Objectives:**

- To familiarize students with essential geographical instruments and their uses.
- To encourage hands-on learning and practical understanding of geography tools.
- To promote research-oriented learning among students.
- To celebrate Geography Day in an engaging and educational manner.

**Brief Review on Various Equipments:** Participants showcased a range of geographical equipment, demonstrating their applications and significance. Some of the key instruments presented included:

- **Theodolite:** Used for measuring horizontal and vertical angles in land surveying.
- **Plane Table and Prismatic Compass:** Used for land surveying.
- **GPS (Global Positioning System):** Explained its role in navigation, mapping, and location tracking.
- **Barometer:** Demonstrated its use in measuring atmospheric pressure and predicting weather conditions.
- **Anemometer:** Showed how it helps in measuring wind speed and direction.
- **Rain Gauge:** Presented its use in measuring precipitation levels and its importance in climatology.

The participants effectively explained the historical background, working principles, and modern applications of each instrument.

**Examiner:** The competition was judged by Dr. Subhash Karande, an expert in geography and GPS survey techniques. The examiner evaluated the presentations based on clarity, accuracy, depth of explanation, and practical demonstration.

**Result:** The winners of the competition were announced based on the judgment criteria:

- **First Prize:** Ms. Nikita Suryawanshi for the presentation on Plane Table and Prismatic Compass.
- **Second Prize:** Ms. Priyanka Phadatare for the presentation on GPS.
- **Third Prize:** Mr. Suyash Patane for the presentation on Rain Gauge.

**A total of 22 students participated in the competition, including 13 males and 9 females.**

**Output of the Competition:**

- Enhanced knowledge of geographical instruments and their real-world applications.
- Improved research and presentation skills among students.
- Increased interest in practical geography and fieldwork methodologies.
- Positive feedback from participants and faculty, with a suggestion to organize similar events in the future.

The event successfully met its objectives, providing an informative and interactive learning experience for all participants on Geography Day.
