Mentoring Program:	B.Sc. III
Co-Ordinator :	Mr. Prof.(Dr).D. N. Zambare
Co-Coordinator:	Dr. S. B. Wategaonkar
Members:	Mrs. D. S. Patil
	Miss. A. S. Sankpal
	Miss. N. S. Surve
Student Representative:	Miss Sanika Ingawale (B.Sc. III)
	Mr. Pawar Aryan (B.Sc. III)
	Mr. Prajwal Kadam (B.Sc. III)

On 20th February 2025, group discussion was conducted in the classroom on the topic

“The Impact of AI on Job Market”.

At the beginning of session everybody seemed hesitant in expressing their opinion about but soon the discussion picked up the pace. The aim of this group discussion was to enhance the confidence, communication skills, leadership quality and thinking capacity.

There were two groups in discussion., First group of B.Sc. III boys students choose to highlight positive impact of Artificial Intelligence. Second group of B.Sc. III Girls students highlight negative impact of Artificial Intelligence.

Key discussion points:

Positive Impact:

New job creation: The development and maintenance of AI system creat new jobs opportunities in fields like data science, machine learning and AI engineering.

Enhance decision-making: AI can analyze large datasets to provide insights and support better decision-making in various sectors.

Negative Impact:

Job displacement: Automation through AI could lead to job losses in sectors with highly repetitive tasks, potentially impacting blue-collar workers and some white-collar roles.

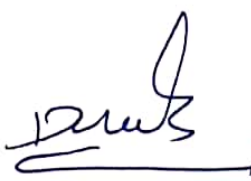

Skill Gap: The rapid evolution of AI might create a skill gap if workers are not adequately reskilled to adapt to new technologies. This session was conducted by Mrs. D. S. Patil and Mr. S. B. Wategaonkar guided the students.

Lastly, we tried to draw attention of the students to summaries and conclude the group discussion, highlighting all the important points discussed by the program.

Overall the discussion was positive because each one of us contributed good information and everyone listened with the utmost interest when other members were sharing their ideas. Speaking in the group discussion is gradually bringing everyone in mainstream by boosting their self-confidence.

The group discussion ended with vote of thanks by Miss A. S. Sankpal.
