GROUP DISCUSSION

REPORT

23th September, 2024

The Department of Physics celebrated International Ozone Day with great enthusiasm by organizing a Group discussion on 23th September, 2024. The event aimed to foster scientific knowledge about importance of ozone layer among students.

The primary objective of the Group Discussion was to engage students in a fun and intellectually stimulating activity that celebrates the spirit of Ozone Day. It provided an opportunity for students to showcase their knowledge, critical thinking skills, and passion for science.

All students were encouraged to participate in the Group discussion. The Group discussion commenced promptly at 10:00 am in the Physics Department. The atmosphere was filled with excitement and anticipation as students competed enthusiastically for top honors.

The event served as a reminder of the importance of ozone layer in our daily lives and the need to nurture the next generation of scientific minds. The Department of Physics extends its heartfelt gratitude to all participants, organizers, and faculty members who contributed to the success of the Group discussion.

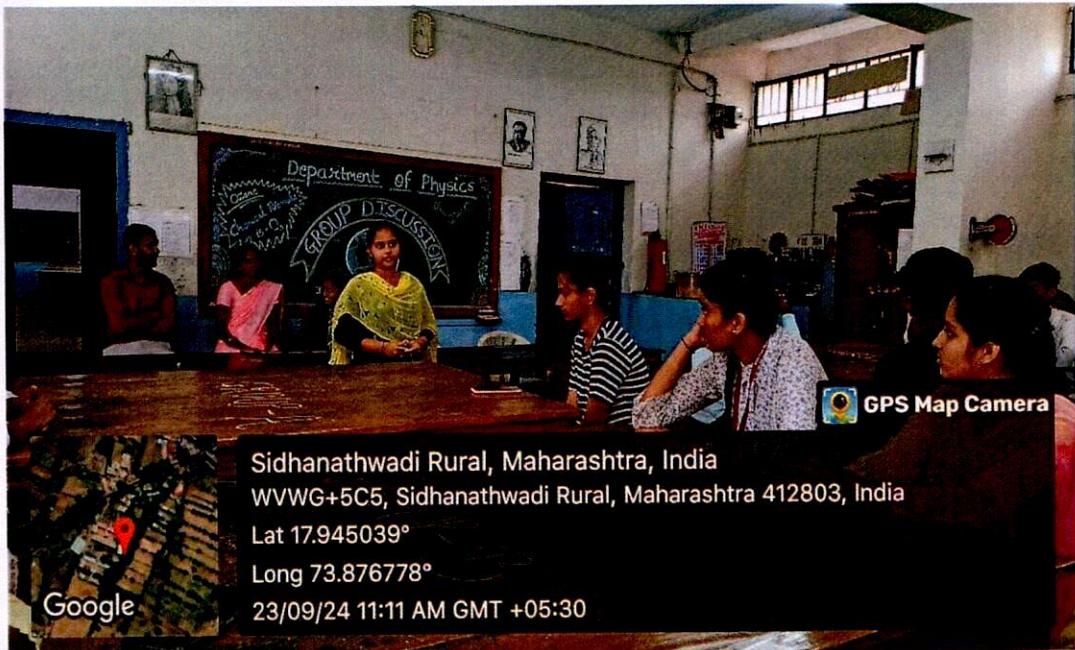

This report encapsulates the essence of the Group discussion held on Ozone Day, celebrating the spirit of inquiry, discovery, and innovation that defines the field of science.

Ozone Day Group Discussion

The Department of Physics invites all B. Sc. students to participate in a group discussion on the occasion of Ozone Day. The discussion will focus on the importance of the ozone layer, the causes of its depletion, and the efforts being made to protect it.

Key topics to be discussed:

- * What is the ozone layer and why is it important?
- * What are the causes of ozone depletion?
- * How can we protect the ozone layer?

Date: Monday, September 23, 2024

Time: 10 AM

Venue: Department of Physics

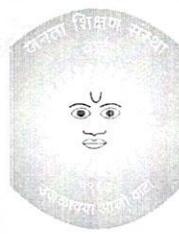

All students are encouraged to attend and contribute to the discussion.

Subject: Permission to Organize Ozone Day Group Discussion

Respected Sir,

I am writing to request your kind permission to organize a group discussion on the occasion of Ozone Day on Monday, September 23, 2024, from 10 AM in the Department of Physics.

The purpose of this event is to create awareness among the B.Sc. students about the importance of the ozone layer, the causes of its depletion, and the efforts being made to protect it. The discussion will cover the following key topics:

What is the ozone layer and why is it important?

What are the causes of ozone depletion?

How can we protect the ozone layer?

We kindly request your approval for this event and your presence to grace the occasion.

Thank you for your time and consideration.
