DEPARTMENT OF GEOGRAPHY
One-Day Workshop on "Land Record and Survey"
19 March 2025
Report

The Department of Geography successfully organized a One-Day Workshop on "Land Record and Survey" on 19th March 2025. The workshop aimed to provide a comprehensive understanding of modern land survey techniques, digital land records, and their significance in planning, governance, and development. It served as a platform for students and faculty to learn from experienced professionals in the field of land surveying and land information systems.

Aims and Objectives

The main aims and objectives of the workshop were:

- To introduce participants to the fundamentals of land surveying and land record systems.
- To explore the evolution from traditional land records to digital land information systems.
- To demonstrate the use of modern tools like Total Station, GPS, and GIS in land surveys.
- To provide practical exposure to land measurement and data recording techniques.

Session 1: Technical Session I – Land Record Systems in India

- **Speaker:** Dr. Samadhan Shinde, Head, Department of Geography, Shripatrao Mahavidyalaya, Shirwal.
- **Topics Covered:**
 - History and evolution of land records in India
 - Importance of digitization of land records (e.g., DILRMP)

Session 3: Technical Session II – Surveying Techniques

- **Speaker:** Ms. Manisha Shewale,
- **Topics Covered:**
 - Introduction to modern surveying instruments: Theodolite, Total Station, GPS
 - Methods of land measurement and plotting
 - Role of GIS in land mapping and record management

Session 4: Practical Demonstration and Hands-on Training

A practical session was conducted where students and participants got the opportunity to operate instruments like Total Station and GPS units. The session involved real-time land measurement, boundary marking, and data recording exercises.

Session 5: Interactive Session and Feedback

Participants actively engaged in a Q&A session with the experts. Feedback was collected, and suggestions were discussed for improving future training and workshops.

The event concluded with a Vote of Thanks by Mr. Swapnil Kadam who expressed sincere gratitude to the guest speakers, organizing team, and all participants. Special appreciation was given to the technical staff and volunteers for their efforts in conducting a smooth and productive workshop.

The workshop was attended by 23 students, including 12 males and 11 females. Additionally, 4 teachers participated in the workshop.

Output of the Workshop

- Participants gained knowledge of both theoretical and practical aspects of land records and surveying.
- Hands-on training enhanced students' confidence in using modern survey equipment.
- Awareness was raised about significance of digital land records in governance and planning.
- The workshop encouraged interest in geospatial technology, legal aspects of land records, and rural/urban planning among students.
- The feedback received was overwhelmingly positive, indicating the usefulness and relevance of the workshop content.
