**Department of Psychology**  
**Field visit to Revaka Sahil Akshar Institute, wai**  
**Date of Visit: 10/08/2023**

**Purpose:**

The purpose of the visit was to observe the educational environment and activities at Revaka Sahil Akshar Institute, wai a school catering to mentally challenged students.

**Observations:**

1. **Facilities:** The institute is equipped with basic facilities such as classrooms, therapy rooms, and recreational areas. However, there is a need for improvement in infrastructure to better accommodate the needs of the students.
2. **Staffing:** The institute has dedicated staff members including teachers, therapists, and support staff who are committed to providing care and education to the students.
3. **Curriculum:** The curriculum is tailored to meet the individual needs of each student, focusing on functional skills, communication, and socialization.
4. **Activities:** Various activities such as art therapy, music therapy, and vocational training are incorporated into the daily schedule to promote skill development and personal growth.
5. **Interaction:** There is a positive and supportive atmosphere within the institute, with staff members engaging students in interactive learning experiences.

**Recommendations:**

1. **Infrastructure Improvement:** Consideration should be given to upgrading the facilities to create a more conducive learning environment for the students.
2. **Training:** Continuous training and professional development opportunities should be provided to staff members to enhance their skills in working with mentally challenged students.
3. **Community Engagement:** Efforts should be made to increase community involvement and support for the institute to ensure the holistic development of the students.

Overall, the visit provided valuable insights into the operations of Revaka Sahil Akshar Institute and highlighted areas for improvement to better serve the needs of its students.

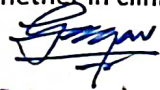

That sounds like a fantastic initiative! Allowing psychology department students to visit classes in small groups and observe can provide them with valuable firsthand experience and insights into various teaching methods, student behaviours, and classroom dynamics. It offers a practical application of their theoretical knowledge and helps them develop observational and analytical skills crucial for their future careers in psychology or education. Plus, it's a great way for them to engage with the community and contribute to the learning environment.

Observing classes at the Revaka Sahil Akshar Institute provides psychology students with a multifaceted learning experience.

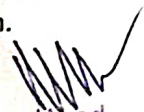

**learning outcomes -**

1. Understanding Special Needs Education for mentally challenged people.
2. Developmental Psychology Applications in this area.
3. Enhance Behavioural Observation Skills.
4. Empathy and Sensitivity towards individuals with mental challenges. Also  
Learn how to interact with students in a way that respects their abilities and challenges.
6. Collaborative and Multidisciplinary Approaches Understand the roles of different professionals in an educational setting designed for mentally challenged students.

This observational experience will be crucial in preparing psychology students for future professional roles, whether in clinical settings, educational psychology, or special education.
