*A guest lecture on*  
*"Career Opportunities in Botany"*

A guest lecture on "Career Opportunities in Botany" was organized by Department of Botany, Kisan veer Mahavidyalaya, Wai on Thursday 08/03/2024. The speaker for the lecture was **Dr. Sujit S. Jadhav Head Dept. Of Botany, S.B.R. Mahavidyalaya, Mhaswad, Dist Satara**. The lecture aimed to the students understanding of various aspects and career opportunities in Botany and provides them with valuable insights from an expert field.

Dr.Jadhav informed that the major employers of plant biologists are educational institutions, federal and state agencies, and industries. Job opportunities usually depend upon educational training and experience. New century, growing world population continues to increase the need for better food supplies. Environmental concerns, such as air, water and soil pollution, will create openings for ecologists in government and industry. The search for new drugs and medicines and useful genes for improving crop plants will continue to create a need for botanical explorers.

Prof Dr. Sunil Sawant was the President of the program. He also guided student regarding to development of various skill which are essential in our future life. Mr. A. A. Mokashi shouldered the responsibility to make this program successful. Miss. Harshada. Jadhav anchored the Programme.

We extend our heartfelt gratitude to Dr.Jadhav sir, for sharing their expertise with us and inspiring the young minds to explore the fascinating realm of Botany.
