## Sweater Distribution Program Report

The Department of BCA organized a "Sweater distribution" program from last 3 years as best practice of the department, so this year on 31<sup>st</sup> December 2025 sweater distribution was conducted at Wai bus stand. The primary objective of this activity was to provide warm clothing to underprivileged individuals and orphaned people, thereby protecting them from the harsh winter weather.

This was a self funded activity. Most of the students belong to rural areas and travel by bus daily. During their journey, they observed the poor condition of orphaned and needy people at the bus stand. This incident gave them the idea to help those in need. The idea was later transformed into a social service activity by the students.

The Principal Dr. Gurunath Fagare, appreciated the initiative and granted permission to conduct the program. In total, 60 students of BCA department participated and 16 sweaters were distributed to needy people. All BCA faculty members actively engaged in the activity along with the students, ensuring its successful completion.

The beneficiaries were extremely grateful and happy to receive the sweaters. Many beneficiaries expressed their gratitude and thanked the BCA students. The Program brought smiles to the faces of the beneficiaries and created a sense of community and social responsibility. Students from BCA department contribute to this event.
