**Report on
"Sweater Distribution program"**

Department of B.C.A. organized a "Sweater Distribution program" program on 26-12-2019. This activity was self-funded and also organization of this activity was an idea put forth by students.

Most of our students came from the rural area. They were traveling by bus from various villages. They seen that on Wai bus stand, there were some orphan people. Because of heavy winter they face difficulties so students decided to distribute some woollen clothes and sweaters to them. Students from BCA third year contributed to this event.
