Department of Psychology  
Guest Lecture- Report

Speaker:- Miss Manjiri Chavhan

Profession:- Psychologist

Topic:- Mental Illness and Comprehensive Approach

Date:- December 27, 2023

Venue:- Department of Psychology, Kisan Veer Mahavidyalaya, Wai

Miss Shalaka Gujar, Assistant Professor, Department of Psychology welcomed and emphasized the importance of mental health awareness in contemporary society and the relevance of the topic she highlighted Miss Chavhan's distinguished background as a psychologist based in Pune

Summary of the Lecture:- Miss Chavhan's lecture delved into a pertinent aspect of psychology, focusing on areas such as cognitive psychology, developmental psychology, or perhaps even a specific therapeutic approach like cognitive-behavioural therapy (CBT) or mindfulness-based interventions.

During the lecture, she provided an overview of the chosen topic, explaining key concepts, theories, and methodologies. Drawing from her own experiences and research, she shared case studies and real-life examples to illustrate the application of psychological principles in various contexts.

Conclusion:- In conclusion, Miss Manjiri Chavhan's guest lecture provided a valuable opportunity for attendees to gain insights into the chosen topic and learn from her expertise as a psychologist. By offering practical examples and engaging with the audience, she contributed to a meaningful learning experience that will have a long lasting impact on those in attendance.

In her vote of thanks, Miss Kuchekar acknowledged the efforts of Miss Chavhan in delivering a thought-provoking lecture that resonated with the audience.

learning outcomes

1. Increased Awareness:- Attendees gained a deeper understanding of mental illness, including its prevalence, symptoms, and impact on individuals and society.
2. Comprehensive Approach:- Participants learnt about the importance of adopting a comprehensive approach to mental health care, which encompasses biological, psychological, social, and environmental factors.
3. Early Intervention:- Attendees recognized the significance of early intervention in addressing mental health challenges and promoting recovery and well-being among affected individuals.
4. Treatment Modalities: Participants would be introduced to various treatment modalities for mental illness, including medication, psychotherapy, social support networks, and lifestyle interventions.
5. Reflection and Action:- Learners would be encouraged to reflect on their own attitudes and perceptions towards mental health and consider how they can contribute to promoting mental health awareness and advocacy within their communities.

Overall, the learning outcomes aim to equip attendees with the knowledge, skills, and motivation to engage effectively with the complexities of mental illness and contribute to creating a more inclusive and supportive environment for individuals living with mental health challenges.
