Report on One Day Workshop

On

(Advanced Techniques In Plant Sciences)

28th August 2019

Department of Botany, Yashvantrao Chavan Institute of Science , Satara has organized one day hands on workshop on Advanced Techniques in Plant Sciences for B. Sc III students and teachers on 28th August 2019.

Our B. Sc. ten students (2 male and 8 female) along with Dr. M. V. Ingawale attained this workshop. The workshop started with Inauguration ceremony . Chief Guest of this programme, Dr. U. P. Mulik, Director, RIRD, Satara lighting the lamp in the presence of Prin. Dr. K. G. Kanade, Dr. Mrs. V. C. Karande.

In the first session Mr. P. S. Mundada gave information about r DNA technology and southern blotting. He gave proper guidelines about genetic engineering, DNA technology, tissue culture technique, which is very useful and important to students.

Session II, III and IV was practical sessions. In these session practical demonstration, information and handling of various instruments was done by students. Our students took practical advantage of DNA and protoplast isolation, plant tissue culture, polymerase chain reaction, Gel electrophoresis etc. Our students were highly impressed by the knowledge of the resource person and had good interaction with him.

For this sessions resource persons were Dr. J. J. Chavan, Mr P. S. Mundada, Dr. M. L. Ahire, Mrs. R. A. Shinde and Dr S. D. Umdale.

In the Valedictory session Chief guest was Dr. H. V. Deshmukh and President Dr. Mrs V. C. Karande. They also advised the students to make the best use of opportunities available in the present days.

This workshop is very useful to our students for lighting the lamp of their future. Here with enclose progrmme schedule of one day workshop.
