"Study Tour"

## Report

Kisan Veer Mahavidyalaya, Wai organized a two-day study tour on 19<sup>th</sup> and 20<sup>th</sup> January 2026 for the students of B.A. and B.Sc. Part I, II, and III from the Departments of Mathematics, Geography, Physics, and Statistics. The tour was arranged with the objective of providing practical exposure to geographical concepts such as coastal landforms, tourism geography, historical and cultural heritage, and environmental features. Through direct field observation and real-world experience, students were able to connect classroom learning with actual geographical phenomena.

During the tour, students visited Malvan, an important tourist and fishing center along the Konkan coast. Here, they observed coastal geomorphology, sandy beaches, tidal processes, and the functioning of the local fishing industry. They also studied marine pollution, changes in the coastal ecosystem, and the growing impact of tourism on the local economy. The group explored Sindhudurg Fort, a historic sea fort located in the Arabian Sea, where students examined its architectural design, strategic location, and coastal defense significance. At Rajkot, students visited the grand statue of Chhatrapati Shivaji Maharaj and understood its historical and cultural importance. They also visited the Jai Ganesh Temple in Malvan, a prominent religious center that plays a significant role in local faith and religious tourism.

The tour further included visits to Ganpatipule, a well-known religious and tourist destination, where students studied coastal sand structures, tourism infrastructure, coastal erosion, and conservation measures. At Marleshwar Temple, located in the hilly region of the Western Ghats, students examined the geomorphology, biodiversity, and waterfall formation processes of the region. They also gathered information about mountain tourism and environmental conservation practices.

The study methods adopted during the tour included field visits, direct observation, interaction with local guides, photography, note-taking, group discussions, and map and topographical analysis. Overall, the study tour provided valuable practical knowledge about the geographical features of the Konkan coast, marine forts, religious and tourist centers, and the environmental challenges associated with tourism development. It helped students understand the importance of balancing economic development with environmental conservation. The tour proved to be highly informative, enriching, and beneficial for all participants. The college expresses sincere gratitude to the administration, faculty members, local guides, and students for their cooperation and contribution toward the successful completion of this study tour.

विषय: अभ्यास सहलीस परवानगी मिळणे बाबतचा अर्ज ...

महोदय,

वरील विषयास अनुसरून भूगोल, पदार्थविज्ञान, गणित, संख्याशास्त्र विभागाकडून किसन वीर महाविद्यालय वाई यांचा अभ्यास सहलीस परवानगी मिळणे बाबतचा अर्ज कार्यालयात प्राप्त झाला आहे, सदर अर्जाचा छायांकांत प्रत आपणाकडे परवानगी साठी सादर करित आहोत.

कळावे, ही विनंती.

आपला विश्वासू

प्राचार्य

श्री. सरलीकाजी विद्यालठ नियमांत  
पालन करावे. परवानगी झाले.

सोबत प्रत:-
