Guest Lecture on Mushroom Cultivation

Mushroom is a fungus which belongs to Basidiomycetes family. It is the only edible fungus. Mushroom cultivation is a technology of growing mushrooms using plant, animal and industrial waste. In a nutshell mushroom cultivation is a "Wealth out of waste technology". Mushroom cultivation is a technique which lead to the entrepreneurship and it is advantageous for students under the heads "Earn while learn".

Department of Botany conducted Guest lecture on 'Mushroom Cultivation', on 22nd of February 2024 Chief Guest of the program was Miss Pratiksha Mandhare. Hon. Prin. Dr. G. J. Fagare, was the president. He congratulated the students and advised that the course has much more potential in terms of gaining the employment. Dr. Mrs. M. V. Ingawale, Head of Department welcomed and introduced about program. Miss. Pratiksha Mandhare guided the students in detail about the Mushroom Cultivation technique. She informed students about types of mushrooms, production status, economic importance, agro-climatic requirements, and selection of location for establishing mushroom unit, cultivation technique, spawn production, compost preparation, spawning, production and poisonous and non- poisonous mushrooms. She also focused on medicinal and nutritional values of the edible mushroom for humankind.

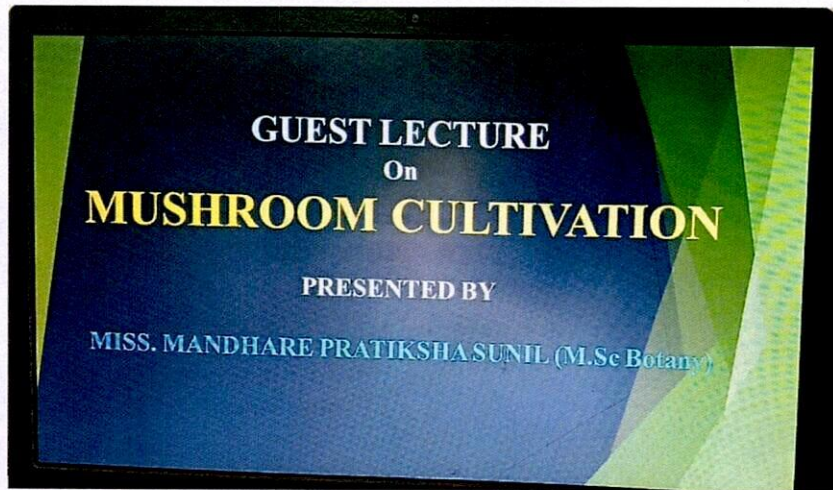

Dr. Mrs. D. A. Choudhari, Co-ordinator, Mushroom Cultivation proposed the vote of thanks Miss. H. V. Jadhav anchored the Programme.
