Science-Based Movie Screening

REPORT

8th March, 2025

The Department of Physics in association with Science Forum at Kisan Veer Mahavidyalaya, Wai, organized a science-based movie screening on 3rd March 2025 as part of National Science Week celebrations. The objective of this event was to inspire students by showcasing real-world scientific achievements and fostering interest in science and technology.

The movie "Mission Mangal" was screened, which is based on India's historic Mars Orbiter Mission (Mangalyaan). The film creatively depicted the challenges and triumphs of Indian scientists, emphasizing teamwork, innovation, and perseverance - and the role of women in scientific exploration.

Total 24 students attended the screening and actively engaged in post-movie discussion, sharing their insights on the space research, scientific problems, and the role of women in scientific exploration.

The event successfully encouraged students to think critically about scientific advancements and space exploration. The Department of Physics & Science Forum extends its gratitude to all students and faculty members for their participation and support in making this event successful.
