

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

1. IQAC Teaching Learning Review Mechanism

IQAC monitors IT enabled, outcome-based, student centric and comprehensive methodologies of teaching-learning process.

- At the beginning of the academic year, IQAC collects the departmental academic calendar from each department and monitors its effective implementation throughout the year.
- Teachers are also insisted to submit a Teaching Plan of every month so as to evaluate the progress of the curriculum in tune with the academic calendar.
- IQAC has added the questions in Students Feedback form to map the PO, PSO and CO of a Programme/Course. This gives a positive direction towards the methodologies to be adopted in teaching and evaluation.
- IQAC communicates its policies regarding Remedial coaching, Mentoring and documentation through HEI portal to all teaching departments at the beginning of the academic year.
- IQAC ensures proper conduct of internal examinations and has instituted a mechanism for transparent evaluation and uploading of marks in the university portal.

2. Review Mechanism through IQAC

- IQAC and the Website Development Committee have developed the dynamic Website of the college where all the departments and committees can upload AQAR. So it becomes very easy to all the Criteria Heads to collect their required data.
- The IQAC has taken initiatives in preparation of Online Feedback forms for different stakeholders. All the Online Feedback forms are linked on College Website for easy access to all stakeholders.

3. Implementation of online teaching and development of e-content:

- Regular offline classes could not be conducted due to repeated lockdowns on the background of COVID-19 Pandemic during the academic year 2020-21.
- The IQAC has directed the faculty to resort to online teaching. Regular online lectures were conducted using 'Google Classroom' and 'Zoom Platform'
- The faculty have developed e-content like lecture videos, lecture notes, Power Point Presentations, etc. These were made available to the students on WhatsApp groups

and college website by providing links. Some faculty uploaded their lectures directly on their You-Tube channels and all College programs have been uploaded on College YouTube Channel.
