### Report:

This year, National Service Scheme (NSS) volunteers successfully completed the event of Tree Plantation under this drive in the various villages of Wai taluka and the college campus. Trees are the foremost source for producing the oxygen in environment, they help to reduce the level of CO<sub>2</sub>. As we all know that the whole world is facing the problem of global warming. In order to recover from such problem, planting trees has become one of the most important aspects today.

This drive was held on Sundays and holidays during the two months of July and August 2019 with the help of the Maharashtra Forest Department. We planted nearly twenty thousand trees. This drive started with Rayreswar fort and after that every Sunday volunteers got involved in this activity in such villages as Belmachi, Shirgaon, Kikali, Kavathe Kenjal, Pasrani, Bavdhan and college campus.

The places for tree plantation were made available by the forest department and by the various gram panchayats. The villagers provided food and transport facility to the volunteers for this auspicious activity.
